

2nd Annual Charity for Kids Celebrity Game

I would like to invite all of you out to our Omaha Softball Series, Inc event this Saturday, August 22.

Everything will take place at Seymour Fields (72nd & Harrison) Mayor Suttle will be throwing out the first pitch at 4:30.

This year our Celebrity Game will feature the world renown King & His Court vs. Queens of the Diamond (UNO past and current players). The King & His Court are a pitcher, catcher, 1st base, and shortstop. The Queens of the Diamond is a full 10 member squad. The King's pitching arsenal includes pitching from second base blindfolded, behind his back, between his legs and just about any other way he can strike out the Queens. Basically it's the Softball Equivalent to the Harlem Globetrotters.

We also have several slow-pitch players in town including 3 of the Team USA players that defeated Team Canada on ESPN last month in the inaugural Battle of the Border. These guys will hit the softballs every bit of 475'. Last time they were in Omaha, I had them at Rosenblatt and they were clearing the Scoreboard and some of the balls were ending up in the Omaha Zoo's parking lot.

There will be an ongoing raffle during the game and a jersey and equipment auction following the game that include items such as the game worn jerseys, autographed Jenny Finch life size standup, and equipment used during the game. Proceeds will be going to the events charities.

Needless to say it will be a great event for the family and the proceeds go to very worthwhile charities that really need our help in these economic times. Our Charities for this year are the Boys and Girls Clubs of the Midlands, ALL-Play Foundation, and the Gardner Gold Special Olympics.

Please give me a call if you have any question or if you are interested in making a donation or volunteering.

Thank you and I look forward to seeing you out this weekend.
